Good Morning Rich.

I have sent this information to the other regions (R2 and R9) - R9 is behind us in time so I may not hear from them until closer to noon. When I spoke to both labs last week they were basically ready.

We have a few items to discuss with you before everything is confirmed. Would you have time today for a conference call?

Cindy

Subject: Dimock activites.

Good morning Cindy,

You probably have already this news but, I wanted to make sure...

We are being told that the action memo will signed on Thursday. If this happens we will be in the field sampling no later than Tuesday the next week.

Is this acceptable to Ft. Meade?

Thanks
Rich
